Attn: Notice of Commencement

Dear Netsor Tirado:

This letter is to address the corrected NOC we are sending in. Today at 3:46 PM Central time, you (Netsor Tirado) and I talked about the original NOC we sent in for P-03-728. The EPA had changed the Specific Chemical Identity on us, but hadn't notified us of this change until you and I talked today. Therefore we are submitting this new NOC with the new Specific Chemical Identity supplied to us by the EPA. According to our conversation we are okay with the 30 notice since the original NOC met this deadline. If anyone should have any question about this corrected NOC they may contact me at 713-225-3121 X210.

Sincerely,

Jason Ball
